

CIVIL PROJECT ENGINEER

Civil Group | Fishers, Indiana

January 15, 2017

Overview:

Hamilton Designs is looking for a motivated and hardworking certified Professional Engineer to join our Civil Group. The position will work on commercial and residential land development projects. The ideal candidate will be a Professional Engineer with 4-8 years of private sector land development experience.

Responsibilities:

In this position you will have the opportunity to work on exciting projects and have the ability to advance your career quickly into project management and client development duties.

Requirements:

- BS degree in Civil Engineering
- Professional Engineer certification
- At least 4 years of relevant experience with a civil engineering consulting firm
- Working knowledge of AutoCAD and Civil 3D preferred
- Ability to build plan sets and other construction documents
- Design experience in multi-acre retail development that includes utilities, site layout, drainage, due diligence and permitting

Qualifications:

- Professional Engineer certification
- Strong sense of urgency and self-initiative to meet client deadlines
- An entrepreneurial spirit
