

SURVEY INSTRUMENT OPERATOR

Land Survey Department | Fishers, Indiana

02/03/2018

Overview:

Hamilton Designs is searching for a motivated and hardworking Survey Instrument Operator to join our Land Survey Department. The position will be responsible for assisting with daily operations including ALTA/NSPS Land Title Surveys, Boundary Surveys, Topographic Surveys, Subdivision Plats, and As-built Surveys for private sector clients. The ideal candidate will be a properly trained or experienced professional with 5+ years of applicable survey experience.

Responsibilities:

In this position, you will have the opportunity to work on exciting projects and complete the field portions of the survey projects under the direct supervision of a Registered Professional Land Surveyor. The position will specifically operate and maintain survey equipment, take field notes, data collection, generally assist the Land Surveyor with daily crew workload.

Requirements:

- Knowledge of optical and digital instruments as well as handheld controllers and Data Collectors
- Ability to follow client and corporate design standards
- Ability to work in a team environment

Qualifications:

- High School Graduate
- Strong sense of urgency and self-initiative to meet client deadlines
- An entrepreneurial spirit
